Postcard from San Francisco

Hi,
Last summer, I was in San Francisco. San Francisco is a very big town in America. In San Francisco is Chinatown and the Golden Gate Bridge. On this photo is the Golden Gate Bridge. The Golden Gate Bridge is two kilometres long and 230 metres above the water. 120,000 vehicles drive over it every day. The Golden Gate Bridge was built from 1933 to 1937. In Chinatown there live 100,000 people.

yours Sandro
