Please note:

This list will help *you* to keep track of your English activities. The list will help *me* to analyse your learning strategies (to give you helpful feedback and tips). Please list your homework (e.g. TB, WB, vocabulary), partner work activities, or group work activities. Always have the list(s) at hand (e.g. when homework is checked). Therefore, it is a good idea to put the list(s) into your English exercise book or folder. Do not throw away any list.

Voluntarily: You can also list activities such as English films you watched, books you read, websites you visited, or games you played.
